

WE ARE LOCATED ON SENJA ISLAND - NORWAY

Far north of the Arctic Circle lies Senja, the fairytale island, where the majestic Northern Light and beautiful nature is located. Senja is Norway's second largest island, close to Tromsø City and only five hours from spectacular Lofoten.

You are welcomed by an impressive blend of sea, mountains and beaches. The coast of the island has sculptural mountains and colourful fishing villages in sheltered coves. The nature is full of contrasts depending on the season, with the midnight sun and the Northern Light.

HOW TO GET HERE

AIRPORTS

Travel to Oslo Airport Gardermoen (OSL) from your destination. From Oslo Airport you can travel to Bardufoss Airport (BDU) or Tromsø Airport (TOS). We recommend that you travel to Bardufoss Airport with Norwegian Airlines since it is closer to the hotel.

BARDUFOSS AIRPORT TRANSFER

If you arrive at Bardufoss Airport, take the shuttle bus to the bus terminal. There is one shuttle bus for every arrival and you buy your ticket on the bus. We will pick you up at the bus terminal, which is included in the price. This is a 1 hour and 15 minute drive.

TROMSØ AIRPORT TRANSFER

If you arrive in Tromsø you can also easily arrange a tour with the express boat going from Tromsø to Finnsnes. This is a very easy solution and a very scenic route. We will then pick up (included) at the boat terminal in Finnsnes.
