Aurora Husky is situated a 2 hours drive from Tromsø and Narvik, Norway.

We arrange exclusive dog sledding adventures, snow mobile trips and samí experiences in the beautiful wilderness north of the arctic circle.

At Aurora Husky we offer adventures to suit everyone's wishes. From a short half day adventure, one day of dog sledding, all the way up to four days adventures. If you really want something special we even offer a totally customized adventure to suit your every needs.

Our evening trips are popular amongst people wanting to see the Aurora Borealis or Northern Lights.

Arctic Truck NOK* 3500,- /pers (Children: 50% discount)

Arctic Trucks are known for their unique ability to navigate through deep snow, steep climbs and challenging terrain. On this tour you will be driving both on and off-road, the latter can be somewhat challenging. Before setting off, you will receive a thorough instructions on how to operate the vehicle. You will drive with one or two passengers in addition to the guide. You will be able to switch places during the trip, so everyone gets the opportunity to drive. Before driving into the deep snow you must deflate the tyre pressure, this widens the tyre surface and increases the vehicle's ability to float on the snow.

Note: If you can drive a normal car, you can drive an Arctic Truck. All you need is a regular driving license and a sense of adventure.

What's included:

Transportation by bus/minibus (from Tromsø)
Hot meal
Winter clothing and essentials
English-speaking guide
Evening trips will give you a chance to see the northern light.

What to bring:

Warm undergarments (wool or fleece is recommended)

*Only NOK (cash) or credit card (Visa, Master card etc.)
