

Snowshoeing into Ånderdalen National Park

«Listen to the peaceful
silence and snow
crackling under your shoes»

Snowshoeing are a great way to get out and enjoy the winter landscape. Hunters and trappers have used snowshoes for many generations through our beautiful nature. We will snowshoe from the gateway to Ånderdalen Nasjonalpark to discover the peaceful, white and untouched landscape and nature. Listen to the sound of the snow crackling under your snowshoes and see the arctic, moon or northern lights. If we are lucky maybe a reindeer, moose or an flying eagle will say hello to us.

Experience the Arctic National Park and wilderness a little bit closer!
