

PHOTOGRAPHY & ASTRONOMY SERVICES

We are proud to offer unique Photography and Astronomy services at the Aurora Borealis Observatory. Don't miss out on the opportunity to learn more about the night sky and improve your photography skills with our own award-winning Astrophotographers and Astronomers, Matt and Jacqueline.

STARGAZING

ALL LEVELS

Did you know that there are stories above your head waiting to be told? Did you know these stories lie within the stars? Our Stargazing service gives you a chance to join the stars and make the constellations. From finding the North Star to the mythical battles of Orion the Great Hunter. Our Astronomer, Matt, will bring the sky to life for you during your stay.

ASTRONOMY LECTURES

ALL LEVELS

We offer a series of exciting lectures from our Astronomer during your stay. Matt's passionate and playful presenting style will give you an understanding of the universe we live in. With talks ranging from the Aurora Borealis to Black Holes, we guarantee a night of entertainment even before the northern lights start dancing.

ASTRONOMY OBSERVING

ALL GUESTS

An exciting new addition to our services for this season are our telescopes. Using two large telescopes our team will guide you around the night sky showing you the wonders of the universe within the stars. From galaxies to nebula, we will show you objects that take your astronomy experience to a whole new level.

AURORA SELFIE

ALL GUESTS

Whether you own a camera or not, we offer Photography services anytime while you are at the observatory. You can ask our Photographers Matt and Jacqueline for a personalized "aurorafie", a selfie under the Northern Lights taken with the best astrophotography gear on the market.

PHOTOGRAPHERS

Matt Robinson

ASTRONOMER / PHOTOGRAPHER

Matt is our own astronomer, photographer and science communicator from the UK.

Highly regarded for his engaging, passionate and playful presenting style, Matt explains the wonders of astronomy at a level for all to understand and enjoy.

In the last five years Matt has been recognised in the prestigious Astrophotographer of the Year competition on two separate occasions.

Jacqueline Garellick

PHOTOGRAPHER / FILMMAKER

Jacqueline is a highly skilled photographer and filmmaker from Sweden.

Her talents have taken her from Sweden to Maldives, via USA to us in Norway. Jacqueline has created films for luxury hotels and music superstars like Mumford & Sons.

Her personal style allows her subjects to open up naturally to capture unique moments.
